Secret Star (The Stars of Mithra) By Nora Roberts

He was standing face-to-face with a dead woman...and she was holding a gun. Lieutenant Seth Buchanan finds his homicide investigation—and his heart—thrown into turmoil when Grace Fontaine turns up very much alive—and in possession of one of the huge blue diamonds known as the Stars of Mithra.

The cool, controlled cop never lets his feelings get in the way of his job, and everything he knows about the notorious heiress tells him she's bad news. But in her irresistible presence, Seth finds it hard to remember there's any mystery more important to solve than that of Grace herself.

Editorial Review

Amazon.com Review

Lieutenant Seth Buchanan is investigating a murder scene when the supposed victim walks through the front door. Grace Fontaine is even more beautiful in person than she is in the portrait over her mantel, and Seth knows that she means trouble. But he's a cautious man, long accustomed to guarding his heart, and he's determined to continue the practice. Grace, however, has other ideas; Seth is the man she's been waiting for through all the long, lonely years she has spent as an unbelievably rich, impossibly beautiful child and woman. Thrown together by Seth's determination to solve the murder, the theft of three incredible diamonds, and the imminent threat to Grace's safety, the two struggle with the passion and the bond that pulls them together. Nora Roberts is a master at spinning a tale, and she doesn't miss a beat in this novel of love, murder, mystery, and obsession.
